

## PATIENT REFERRAL FORM

**Melles Cornea Clinic Rotterdam is a highly specialized referral center for corneal patients:**

- Excellent clinical outcomes and few complications
- Longest experience in latest minimally invasive lamellar techniques
- Patient oriented and individual treatment
- Small international team, short waiting list

**We offer latest state-of-the-art treatments for:**

- DMEK in standard cases, e.g. Fuchs endothelial dystrophy
- Advanced DMEK for complicated cases, e.g. failed PK grafts, corneal decompensation after IOL lenses or glaucoma tubes
- DALK and Bowman layer transplantation for anterior and stromal corneal pathology
